

Kits

## For Villas

### With Rock vandal resistant panel

Injected aluminium vandal resistant (IK-09) and weatherproof (IP-44) door panels, in grey colour.

Electronic call with acoustic acknowledgement signal at the door panel.

Steady illumination at the door panel.

Dimensions: external: 144(W) x 144(H) mm.

embedded: 131(W) x 131(H) x 45(D) mm.

Two possibilities for installation:

4+n, which allows up to 3 telephones inside the same apartment (pag. 62 and 66),

2 wires (K-2 AL and K-22 AL models), which allows the replacement of an existing bell keeping the same installation. K-22 AL model includes a telephone with additional potential free contact push button. Three positions call volume regulator is included in both telephone models. Up to 2 units of S-45 call repeater can be connected (pag. 68).

This type of installation do not allow additional telephones.

To be used with 12Va.c. lock releases (pag. 78 and 79).

Door panel accessories are detailed on page 12.

Schematic diagrams and sections chart are shown on page 94.

TF-104 transformer.

p. 42

CV-24 automatic lock release.

p. 79

**Available from 2nd quarter 2006.**

## For Villas

### With Surf surface panel

Available from 2nd quarter 2006

Door panel with surface installation manufactured in aluminium and ABS plastic.  
 Sound module with independent door panel and telephone adjusting level volume.  
 Electronic call.  
 Steady illumination at the door panel.  
 External dimensions: 99(W) x 185(H) x 35(D) mm.

2 wires installation, which allows the replacement of an existing bell keeping the same installation. This kit includes a telephone with an additional push button with potential free contact and call volume regulator with on-off function. Up to 2 units of S-45 call repeater can be connected (pag. 68). This type of installation do not allow additional telephones.

12Va.c. lock release with automatic function is included in the kit. Note that it can only operate with this type of lock releases (CV-24 series, pag. 78 and 79).

Schematic diagrams and sections chart are shown on page 94.

#### AS-22

#### 1 way audio kit composed of:

11240223

- N ! ■ PES-22 one push button door panel. p. 10
- N ! ■ Platea T-722VD telephone with electronic call. p. 61
- N ! ■ TF-104 transformer. p. 42
- N ! ■ CV-24 automatic lock release. p. 79

#### PES-22

#### Audio door panel.

11250223

- N ! ■ 1 push button.  
 Only for replacement purposes.  
 Surface installation.  
 Dimensions: 99(W) x 185(H) x 35(D) mm.

## For Villas

### With Stadio Plus panel

Available with Platea T-700 telephone from 1st quarter 2006

Extruded aluminium door panel.

Electronic call with acoustic acknowledgement signal at the door panel.

Steady illumination at the door panel.

Dimensions: external: 134(W) x 148(H) mm.

embedded: 125(W) x 140(H) x 56(D) mm.

4+'n' installation, which allows up to 3 telephones inside the same apartment (pag. 62 and 66).

To be used with 12Va.c. lock releases (pag. 78 and 79).

Door panel accessories are detailed on page 12.

Schematic diagrams and sections chart are shown on page 94.

#### 4110/AL

#### 1 way audio kit composed of:

11284110

- 2110/AL one push button grille module. p. 46
- Sound module.
- 600/AL closing heads. p. 49
- CE610 embedding box. p. 50
- Condal T-900 telephone with electronic call. p. 66
- TF-104 transformer. p. 59

x 2

#### 4220/AL

#### 2 ways audio kit composed of:

11284220

- 2220/AL two push buttons grille module. p. 46
- Sound module.
- 600/AL closing heads. p. 49
- CE610 embedding box. p. 50
- 2 units of Condal T-900 telephone with electronic call. p. 66
- TF-104 transformer. p. 59

## For Villas

### Accessories

#### Rock vandal resistant panel

**VIS-295/AL** **Rain shield.** 11290499

For embedded panels. p. 33

**MP/AL** **Surface box.** 11229509

Embedding box is required. p. 33  
Dimensions: 144(W) x 144(H) x 45(D) mm.

**MP-VIS/AL** **Surface box with integrated rain shield.** 11290496

Manufactured in injected aluminium. p. 33  
Weatherproof and vandal resistant.  
Does not use embedding box.  
32 mm. depth only.

#### Stadio Plus panel

**711/AL** **Rain shield.** 11280711

p. 51

**871/AL** **Surface box with integrated rain shield.** 11280871

Does not use embedding box. p. 50  
32 mm. depth only.

**881/AL** **Surface box.** 11280881

**Cannot be used with rain shield.** p. 51  
Does not use embedding box.  
32 mm. depth only.  
Dimensions: 134(W) x 148(H) x 32(D) mm.  
**Available from 1st quarter 2006.**

**911/AL** **45° surface box.** 11280911

Dimensions: 140(W) x 151(H) x 140(D) mm. p. 53

**611/AL** **Replacement frame.** 11280611

Covers the existing hole from larger panels. p. 54  
Dimensions: 200(W) x 278(H) mm.

## For Buildings

### With Rock vandal resistant panel

Available with Platea T-700 telephone from 1st quarter 2006

Injected aluminium vandal resistant panel in brown colour.

Electronic call with acoustic acknowledgement signal at the door panel.

Steady illumination at the door panel.

Dimensions: external: 144(W) x 240(H) mm.

embedded: 139(W) x 234(H) x 58(D) mm.

4+'n' installation, which allows up to 3 telephones inside the same apartment (pag. 62 and 66).

To be used with 12Va.c. lock releases (pag. 78 and 79).

Door panel accessories are detailed on page 16.

Schematic diagrams and sections chart are shown on page 94.
