# 1.Safety Instructions

---

Please follow the following safety precautions before using the product:

- Please read this manual carefully before using the product and use the product according to the instructions in this manual.
- Keep it properly.
- If you need to transfer the product to a third party, please attach the manual together with the product.
- Any operation inconsistent with this manual may lead to the damage of the product and personal injury.

---

## \*Caution

---

- 1.This product can only be dismantled by authorized technician. Such behavior without permission is not suggested.
- 2.Only the power adapter provided by the factory can be used with this product. The use of adapter of other specification may cause damage to the product.
- 3.Don't touch the cord, charging base and power adapter with a wet hand.
- 4.Keep the opening and running parts free of curtain, hair, clothes or finger.
- 5.Don't put the cleaner around burning objects, including cigarette, lighter or anything that is likely to cause fire. Don't use the cleaner to pick up combustible material, including gasoline or toner from printer, copier and mixer. Don't use it with inflammable around.
- 6.Please clean the product after charging, and turn off the product switch before cleaning.
- 7.Do not over-bend wires or place heavy or sharp objects on the machine.
- 8.This product is an indoor household appliance, please Don't use it outdoors.
- 9.The cleaner can't be used by children of 8 years and below or persons with mental disorder, unless they have been given supervision or instruction concerning the use of this appliance. Don't let your children ride on or play with the cleaner.
- 10.Do not use this product on wet or watery ground.
- 11.Possible problems in product cleaning shall be eliminated as soon as possible. Please clear up any power cord or small object on the floor before using the cleaner in case they hinder the cleaning. Fold over the fringed hem of carpet and prevent curtain or tablecloth from touching the floor.
- 12.If the room to be cleaned contains a staircase or any suspended structure, please test first whether the robot will detect it and not fall off the edge. If a physical barrier is needed for protection, make sure the facility does not cause such injury as tripping
- 13.When the product is not used for a long time, the machine shall be charged every three months to avoid battery failure due to low power for a long time.
- 14.Don't use it without dust collector and filters in place.
- 15.Make sure the power adapter is connected to the socket or charging base when charging.
- 16.Avoid any cold or heat. Operate the robot between -10°C to 50°C.
- 17.Before discarding the product, disconnect the cleaner from charging base, turn off power and remove the battery.
- 18.Make sure the product is not powered on when removing the battery.
- 19.Please remove and discard the battery in accordance with local laws and regulations before discarding the product.
- 20.Do not use the product with a damaged power cord or power socket. Do not use the product when the product cannot work normally due to falling, damage, outdoor use or water ingress.

Please read the following guidelines before using the Cleaner.

The power cord and other sundries scattered on the ground may entangle or wrap the product. Be sure to remove them before use.

Please roll up the fringe of the carpet or make the product work on the short-wool carpet.

Please remove the white strips on both sides of the bumper before use, otherwise the machine will not work normally

Guardrails shall be placed at the edge of the double layer to ensure the safe operation of the product.
